We've been dairy farming in Tasmania's fertile North West since 1908, with a pasture-to-plate philosophy that has stood the test of time. Our cows graze on natural ryegrass unique to 41 degrees latitude™, producing milk brimming with nutrients and flavour. Collected fresh each day from our family farms and delivered just down the road to our on-farm factory, this liquid gold is the foundation of our range and why Ashgrove cheese tastes so good. **ashgrovecheese.com.au**
