

JOIN US IN GIVING BACK TO YOUR LOCAL COMMUNITY

HOW IT'S DIFFERENT?

All Community & Co products deliver on quality and retail margins, with 1% of every Community & Co product sold to TIR retailers going towards supporting local charities, schools and sporting groups.

HOW IT WORKS?

Later in the year we will ask retailers to nominate a local charity, school, or sporting group. That organisation will then go into the draw for their chance to win a donation from the Community & Co fund.

WHAT PRODUCTS ARE CURRENTLY AVAILABLE FOR TIR STORES IN THE RANGE?

A variety of Community & Co products like the ones shown above are available for TIR stores to order and stock. Flip over the page to see what's currently available from the Community & Co range, and mark down what you wish to order. Once complete, return the form to the Community & Co stand, or send it to orders@igatas.com.au

ARE THERE MORE PRODUCTS THAT WILL BE AVAILABLE IN THE FUTURE?

The Community & Co range currently has around 800 lines available; we are constantly reviewing the product range and looking for suitable products to bring into the TIR network. There are some constraints with chilled, fresh and frozen lines as we are keen to ensure the products that we bring to market are at competitive price points and deliver strong retailer margins.

WHERE CAN I FIND OUT MORE?

Your local area manager will have all the information you require, and can provide guidance on best performing products. You can also visit <https://communityco.com.au/> to see the Community & Co range and how the products can help you and your customers benefit your local community.
