## DISPLAY COUNTER

Our modular counter solution has been designed to meet the needs of small/medium store formats (perfect for liquor and convenience) while offering significant cost savings to locally manufactured options.

All modules come in black pre-finished board as standard with a hard wearing charcoal patterned vinyl benchtop. Installation is quick and easy, with modules delivered fully assembled with allowance in the base to run cabling if required. Display shelving modules are supplied complete with LED lighting.

1

Simply choose our ready to order 2400mm or 3000mm counter

OR

2

Select from our range of modules below to suit your store layout and operational requirements. We will then add the necessary components to finish your counter – end panels, benchtop.
