

Dear Valued Customer,

In Business we have all faced significant challenges over the past 2 years and one of the greatest has been on the global supply chain in terms of cost.

Manufacturers have experienced extraordinary price increases including, but not limited to, freight, importing, raw materials and fuel levies.

At Dallas International we take pride in providing the highest possible value, quality and service to our valued customer base, however, in these extremely volatile times it has become impossible for Dallas International to maintain current pricing.

As a result, Dallas International has no choice but to implement a price adjustment across a variety of products in our range. This will be effective from Monday 19th September 2022.

Please be assured that Dallas International will honour all pricing for customers who placed Christmas 2022 pre orders and will continue where possible to minimise price increases and maintain the highest possible value, service and quality offered in today's marketplace.

Kind Regards
Phil Herbert
