6<sup>th</sup> May 2022

Dear Valued Customer

**Re: PRICE CHANGES**

As you may be aware there has been significant movement in the market on various products in the past "5 years" since our last price alteration.

The majority of this can be attributed to higher transport costs, movement on raw material prices and of course the global impact and roll-on effect from Covid.

In the continual pursuit of excellence within our business, we are always pleased to pass on any savings we can identify to our clients, via monthly specials and/or promotional activities.

As a result, this has made it necessary for us to pass on a 15% increase on all products, effective from Monday the 6<sup>th</sup> of June 2022.

Please rest assured that we have only passed on, marginal percentages as compared to the actual price fluctuation of these products.

We look forward to continuing our relationship with you in the years to come.

Yours sincerely

**Mario Foti**  
**Sales Manager**
