DUE S°UTH

HIGH-QUALITY VANILLA BEAN ICE CREAM

#1 Vanilla was voted as Australia's favourite flavour in 2020.*

Our Expertise

Due South's parent company, Van Diemens Land Creamery (VDLC), was **established in 2005** by a Tasmanian dairy farming family.

Today, you can find VDLC products in **premium outlets around Australia.**

Introducing Due South

VDLC has continuously improved their premium product over the past 15 years, and **their original recipes are too good to be forgotten.**

So they created Due South: **high-quality, creamy vanilla bean ice cream** at a lower price point.

Why choose Due South?

We proudly use **fresh, Tasmanian milk and cream** to create this **award-winning, creamy, smooth** dessert.

Plus, we source **pure Madagascan vanilla beans** for a **natural** rich, sweet and slightly woody flavour.
