

New Coat High Temp Paint is perfect for heat-exposed metal that's rusting or needing a new coat. Formulated to withstand heat up to 500°C, New Coat High Temp Paint can be applied without primer, to stop rust and restore that brand new, stain black finish to your pot belly stove, barbecue, oven, wood heater, flue and any other metal parts that are subject to high heat. Not to be used over Black Beauty Cast Iron Stove Polish.

Available in 250ml, 500ml, 4 litre tins and 350g spray can.
