Note on Stock Availability

To achieve the best cost prices for you, some items have been negotiated on a direct import basis. Therefore some lines do have Minimum Order Quantities (MOQ) and if your orders do not meet the MOQs set by overseas suppliers they may not be supplied. Stores will be notified via your state office rep of products not meeting MOQs a few days after the close off date so quantities can be revised.

All lines are only available via electronic orders - see above steps to process your order. To ensure you get your stock on time it is essential that we get the orders placed with suppliers promptly after the close off date. Note the close off date is Sunday 4th August 2019.

National Catalogue Promotions Weeks 2-5

Many products will be supplied in Ready to Display Shelf Ready trays (SRT's) or small floor stands, as pictured in suggested bay diagram.*

Stores: Please ensure you place your orders of at least 1 CTN per product marked 'PROMO LINE'. These products will appear in the National Catalogues across Weeks 2-5.

*Prices in this catalogue are correct at the time of printing and may be subject to change. All unit costs exclude GST, all GP percentages include GST, and exclude any applicable fees. Metcash reserves the right to adjust prices without notification. Please note prices reflect the unit price inclusive of case deal. Products may vary from printed image.

Unit costs include all case deals specified.
