CUSTOMER UPDATE

POWER OUTAGE

Good Morning,

A lightning strike occurred last night which destroyed the transformer providing power to the Breadalbane Distribution Centre and other operators in the area.

A TasNetworks crew is working on this as a matter of urgency and I expect power to be restored early afternoon.

Unfortunately the freezer has been locked down to ensure stock is protected until the power resumes. This means all deliveries for today will need to be re-scheduled and others will be delayed until normal operations are resumed.

Stores impacted today have been advised by phone and I will update you later today.

If you have any questions please call me 0438 159 641.

Regards

David Lanham
