HERB SUITES AT A GLANCE

With colour coded and named labels its easy to select the right herbs. For example the **Kitchen Essentials** range covers all your favourite cooking herbs, easy to grow vegetables in the **Vegetable** range and choose from the **Tea Herb** range to know you are selecting the best herbs for Herbal Teas. See the Chilli heat ratings at a glance, and find the Heirloom Tomato of your choice.

We all want a HEALTHY BACKYARD

Swap Chemicals for herbs:

Beneficial Insects : Attract beneficial Insects and birds to your garden by planting flowering herbs like Basil, Borage, Caraway, Chamomile, Coriander, Dill, Fennel, Elderberry, Pineapple Sage and Rue.

Healing Herbs: Some herbs are uniquely medicinal, such as Aloe Vera, Arthritis Herb, German Chamomile, Echinacea, Feverfew, Lavender, Self Heal, Toothache Plant and Valerian.

Herbal Sprays: Using herbs to make sprays is a natural way to control those damaging attacks from insects and great for the wellbeing of our family, pets and wildlife. Go to our website for more information.
