Food Service

Welcome

As we head into the second half of the year, we have witnessed the growing trend of flavoured coffees, lattes and of course the classic milkshake. While keeping the kids happy with a fun and refreshing drink has always been a favourite treat, food service businesses are now offering new flavouring options for their hot and iced coffees. We're all about creating out-of-the-box beverages that will excite and delight your customers.

Imagine serving up a Nutella-infused milkshake topped with whipped cream and drizzled with chocolate syrup. Or a rich Biscoff latte, crowned with a sprinkle of crushed caramel-flavoured Biscoff crumbs. These unique and delectable drinks are sure to become customer favourites!

Our range of syrups and flavourings allows you to experiment with endless combinations. Try adding a burst of fun with toppings like gummy snakes, sour strips, and chocolate buttons. These playful additions not only enhance the visual appeal but also add a delightful twist to every sip.

By incorporating these innovative beverages into your menu, you'll create an engaging experience that keeps your customers coming back for more. Take advantage of our special offers this quarter and elevate your drink offerings with these trendy and irresistible concoctions.

Thank you for choosing Campbells Wholesale Food Service. We look forward to supporting your success and helping you create memorable moments for your customers.

Campbells has a rich history dating back to 1933 when AG Campbell established the largest Self Service Wholesale business in Sydney.
