LET'S DO BRUNCH!

The combination of both breakfast and lunch known as brunch is the perfect compromise when catching up with family and friends.

This mid-morning meal is enticing as it offers a variety of sweet and savoury menu selections that satisfies all cravings. From the simplicity of bacon, eggs and toast or a silky and filling quiche, to the crumbly perfection of pastries and croissants with jam or even fluffy pancakes with golden drizzles of maple syrup, brunch is sure to please every appetite. And what is brunch without a perfectly brewed cup of smooth, hot coffee or a warming pot of tea?

As Spring approaches, brunch provides a great excuse to get out and enjoy the warmer months and socialise with loved ones. Offering a break to the everyday, this social gathering allows time to catch up, unwind and connect all the while digging in to a scrumptious meal. Whether it is a special event or a lazy Sunday morning, embrace the occasion of brunch and set the scene for good times, memories with family and friends and, of course, great food.

A sustainable choice

Clean Harvest Barramundi is farmed using innovative world leading ocean-based farming practices that not only guarantee great quality and complete traceability but has also earned top certifications and accolades for its progressive stance on eco-friendly fish farming.

Providing year-round consistent supply and price stability to a sector dominated by variable availability and market price, this succulent white fish is becoming a staple in many professional kitchens. Clean Harvest Barramundi is a beautiful, clean and flavourful fish. The high omega-3 content in Clean Harvest's Barramundi – the highest of any commonly eaten white fish, makes it a very versatile fish to cook. Those fatty acids mean barramundi can stand up to searing, broiling and other high temperature cooking methods.

Clean Harvest's perfectly portioned perfection every time makes it the obvious choice.
